June 2024

- International Society of Radiographers & Radiological Technologists World Congress
- ASRT Preconference Board of Directors Meeting
- ASRT Educational Symposium and Annual Governance and House of Delegates Meeting

Most Memorable Experiences:

As I come closer to the end of my tenure on the Board of Directors, this past year has been one of greatest years in my life serving the ASRT as chair of the Board. I was able to work with an incredible Board and also watch how the diversity survey and management roadmap, two of my presidential initiatives, are making a difference in the profession.

The goal of kicking off the Be Seen campaign and being able to recognize who we are as medical imaging and radiation therapy professionals is a legacy that I hope lasts for years to come! I can't thank ASRT staff enough for their input and hard work. Even more, I'd like to thank Dr. Melissa B. Pergola for her dedication and commitment to ensure the campaign moved forward.

I enjoyed representing the ASRT as I visited the affiliates. Being able to network and visit the affiliates is always a pleasure and an honor.

Closing Remarks:

Again, it has been an honor to serve this organization at this capacity. I've worked alongside some of the most dedicated professionals in the profession. I'd like to thank everyone who supported me during my years on the Board. I'm fortunate to have served on the Board in three different decades. I wish to recognize the support from my family, especially my wife Gwen who has been by my side and my biggest critic and supporter. Without "you" my success as a Board member would have never happened. In closing, I wish to thank the current Board, Dr. Melissa B. Pergola and ASRT staff for all they've done to make my years memorable and successful.

Thank you!
