Most Memorable Experiences:

My most memorable experience this year was the launch of the Be Seen campaign. It has been incredible to see the reaction and support from everyone in our field. I am so proud to be part of an association that has such a stake in the success of its members.

Closing Remarks:

I am honored to have served on this Board. All the members of this Board have been focused on promoting and progressing the profession. I am excited to see what the future holds for the association and the impact it has on the medical imaging and radiation therapy profession.
